

Due to the coronavirus, we have decided to postpone all morning, youth, and evening leagues until April 1st (permitting CCHS guidelines). We will continue all recommended and extended sanitizing and cleaning practices to ensure our open play customers have the great experience we are known for, but due to the new regulations from CCHS, we are limited to 100 patrons in the building at any given time. Therefore, we are suspending our lane reservation process and will start implementing a first come first serve process. Unfortunately, we won't be able to let everyone in. This will include the bar and arcade. We will update our business hours on 3/16. Thank you for your patience and understanding while we all get through these times.
