

June 10th, 2020

We at Harvest Park Bowl are proud to be sponsoring our annual "summer bowling pass" program. This summer marks our 22nd year of offering this program to the youth of our community. In these tough times both parents and their kids need an outlet for inexpensive fun. The summer bowling pass offers exactly that.

This unique program provides an activity for the students of the Brentwood, Oakley, Byron, Liberty, and Knightsen school districts, in the form of a punch card, which is available to each student and is valid for the months of July and August. This card entitles each student one free game (per day), including bowling shoe rental, any time lanes are available.

Due to the COVID-19 Pandemic we were unable to distribute our passes to the schools and students this summer. Summer Passes are now available for pick up Monday-Friday 11-5pm.

Before we can fully open to the public for bowling, we are currently open 11-7pm every day for take-out and curbside orders, and during this time, we simply ask any family wishing to participate in the program to swing by between 11-5pm Monday-Friday to register and pick-up a summer pass for their child(s) to use in July and August.

Hope everyone stays safe during this time and look forward to seeing everyone soon!

Sincerely,

A handwritten signature in cursive script that reads "Sherry Mackenzie".
